

## Teachers Notes:

1. First teachers have to download the file Asha Treasure Hunt.rar folder.
2. Then extract the folder of Asha Treasure Hunt.rar in C: drive location.
3. C:\Asha Treasure Hunt → double click on Treasure.bat → CMD box will open → type y and give enter Then Treasure private folder will hide.
4. The teachers have to teach how to find File Location for example: C:\Asha Treasure Hunt\Treasure Hunt Project\  
Teachers please make sure children will find the folder in the path of Asha treasure hunt. If they searching in C drive fully it will take more time to search some computers. So ask then to search directly in Asha treasure hunt.
5. Open the text Documents file and teach how to find the word the using key board shortcut keys using CONTROL + F. For example: The clue key word is Tamilnadu.  
(teachers must teach about file location, find & replace before starting this treasure hunt)
6. After this go to read the **students notes** and find the treasure hunt.

**\*Teachers work: Teachers before to starting the treasure hunt class they need to ready with the pre require files. Then Load the particular needed file in the computer for each children group**
