

3rd STD LESSON PLAN- 12

Solution:

1. Divide Students into groups of 3 each
2. Draw a 2 x 3 grid figure on the floor.
3. Draw a picture of a fruit at the top center maze of the grid. Then draw a smiley face at the bottom center maze of the grid.
4. The path from the smiley face to the fruit should be marked with an arrow.
5. Similarly, see the Example 2 and repeat the same above steps for this example as well.
