3rd Lesson plan 4 Solution:

1. Open the 'Tux Paint' software.
2. Tux Paint → click New tool→ select new picture.
3. Tux Paint → click Magic tool → Use fill colour option at the right side.
4. Click any colour from the colour panel and fill the colour inside the picture using the bucket tool.
5. Select the quit option, and click the 'Yes, I am done' button to quit from the application.
