

## Students Clue

Here is the problem to find the folder name.

Mohan's salary is Rs. 50,000. He paid Rs. 23,650 for his loan.

Rs. 8,400 spent for house rent. He has received an amount of Rs. 7,500 from his FD.

He spent Rs. 12,800 for his family.

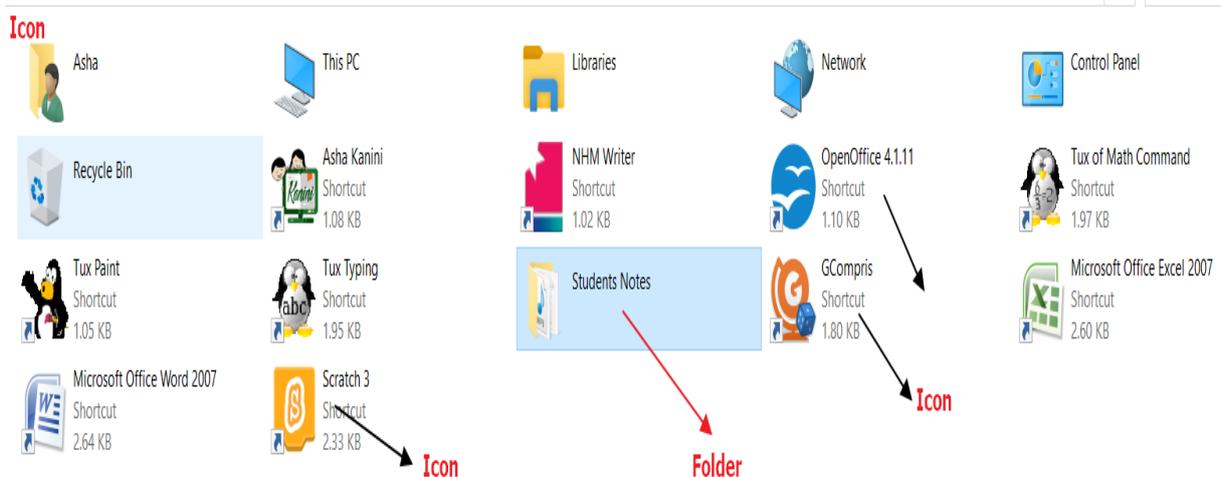

So the balance amount is the name of the folder.

you have to find the drive or Folder name in the Computer Hard drive using Search This PC option.

Find the folder and Do as the given instructions and finally find the treasure hunt.

**Student Notes: (Teacher show this instruction to the children or say)**

1. First identify folder and the icon.

2. To search for files in File Explorer, open File Explorer and use the search box at the right corner of the address bar.

### 3. Double tap or click to open File Explorer.
