

# School: Sample School Year: 2020 AAA Results Analysis

Following table shows the performance of the school in oral assessment for classes 1 and 2 and in written tests for classes 2 to 5.

The attendance column will be red if the attendance level is below that for all schools and green if it is above the level for all schools.

The written results are shown in the next columns. For 1st std English and Maths and 2nd std English where we do not have written tests, we display the percentage of children that have basic competency of reading letters or identifying single digit numbers. The data for this school and all schools is given for comparison. Last year's data and this year's data are given. The arrow shows if the class has or has not improved from the last year.
